CLEARING UP

A MOOTED QUESTION

The announcement from Herbert Hoover that he is willing to accept the Republican presidential nomination if the members of the party really desire it, has at least set at rest the story that the Democratic leaders have secretly been planning to make Mr. Hoover their presidential nominee. Certainly it is that if Mr. Hoover runs on any ticket he will at least poll a heavy vote among women voters for they have been especially impressed with his great work as food administrator of the world.

A MATTER OF MEMORY

Senator Johnson is a broad-gauged American. The Republican party does not do worse than to name him as the national standard bearer. However, in the contest this year there will be many Republicans who will hark back in their memories to 1916.

In that year California gave Johnson a plurality as senator of 296,815. At the same election the Californians declared against Hughes, Republican candidate for the presidency, by 3,773. It was the vote in California that gave this country the second Wilson administration and the supporters of Senator Johnson might have prevented that very thing.

THAT PARKING QUESTION

The parking space question is one that the city council has not yet definitely settled. Proposals have been made to secure a lot on South Main street and another on North Sandy street, and make them both available for car owners.

Certainly something definite should be done in this line either by the city council or thru the concerted action of the business men of the city. Parking space is a matter in which the merchants are interested merely as a business proposition, if from no other consideration. The addition of parking space should be secured before any rules are adopted which make parking restrictions on the streets.

Something has happened to the potato market. Nobody seems to know the reason. They are very sure of the condition for prices have advanced in a very marked way during the past two weeks. The St. Louis daily market reporter this week quoted potatoes by the hundred weight at prices from \$6.25 to \$7. Reduced to pecks this means approximately 94c to \$1.05 per peck. Probably the reason for the advance is on account of the demand of people who are planting potatoes.

As soon as the seed is safely in the ground a slump can be looked for. This is not especially consoling for the man who has his garden plowed and is ready to plant. Somebody evidently controls the potato market for it is not a local condition that is complained of. The prices everywhere have advanced in this spectacular way.

THE MILITIA COMPANY IS NEEDED

There are several reasons why the military organization now existing in Jacksonville should be maintained. An appeal is being made not for financial but moral support of the local company of militia. From a selfish standpoint the company should be supported because its existence will aid very largely in the effort to secure a state armory here in Jacksonville. Aside from this merely local question, it is very desirable for the state of Illinois to have a military organization with companies of armed men available for emergency use.

The adjutant general and his assistants are very anxious that the militia of the state as now organized shall be maintained. It is pointed out that these are days of unrest and that no one knows just what the future holds. It is certainly a time when men should be encouraged to continue their connection with the local military company.

Certainly too, the men who meet and drill regularly are entitled to recognition and to the gratitude of the community. Quite often the members of such an organization are joked about as "playing soldier" but such jokes are the result of ignorance as to the purpose of the state military organization and the patriotic interest of those who enroll in such organizations and thus make a personal sacrifice of their time.

GOV. LOWDEN'S GOOD RECORD ON SCHOOL LEGISLATION

Francis G. Blair for 16 years Superintendent of Public Instruction of Illinois, elected by the people and serving under both Democratic and Republican governors, and who is in a position to speak authoritatively on the matter of the record made by Gov. Frank O. Lowden's administration in school and educational legislation, writes the following letter on the subject:

"I have been asked for my opinion of Governor Frank O. Lowden as a candidate for the presidency and his record on school legislation as Governor of Illinois.

lation than any other session in the history of the state, with the exception of 1855, when the free public code was first enacted.

"Here is a brief enumeration of some of the progressive school laws which have been enacted and have gone into effect during Governor Lowden's administration:

"1. A law accepting the provisions of the Smith-Hughes Federal law and establishing vocational education in Illinois.

"2. Needed and radical amendment to the state certifying law.

"3. Needed and radical amendments to the state teachers' pension fund law.

"4. A law providing for the establishment of part-time and continuation schools and compulsory attendance on these schools.

"On school revenues and finances the following enactments were made:

"1. An increase of the amount appropriated by the state into the state teachers' pension fund, from approximately \$150,000 to approximately \$300,000 annually.

"2. An appropriation for vocational education of \$400,000.

"3. An increase of the state distributive fund from 4 to 6 millions of dollars annually.

"4. A law empowering boards of education to raise one-third more revenue within a local district without a vote of the people.

"5. Empowering boards of education, when authorized by a vote of the people, to levy twice as much for local revenues as before.

"6. Increasing the salaries of normal school teachers 15 per cent.

"7. Increasing the salaries of county superintendents 32 per cent.

"There were at least ten other progressive education laws and amendments enacted during Governor Lowden's administration."

Rippling Rhymes

Weight Reduction.

I'm trying to reduce my weight. I'm eating many things I hate, attempting to grow thin; by following the diet game I hope to shrink my ample frame, and lose my double chin. I've cut out bread, and butter, too, and all things sweet, and liquid glue, and milk and clotted cream; and while I hope to lose a ton, the stunt I'm doing is no fun, existence is a scream. Oh, others seek the groaning board, and whack off victuals with a sword, and eat whatever they please; and they may fill themselves with jam, indulge in gravy, pie and ham, and forty kinds of cheese. And I alone must sadly browse on fodder that was meant for cows, and shun the tempting things; the dinner bell for me no more brings tidings of good grub in store, it jars me when it rings. The dweller in the crowded flat, the artisan, the plutocrat, may eat what e'er they wish; but I must blot a mess of straw, or feed on germproof prunes and slaw, and cheap denatured fish. And while the mash of bran is mixed, my eyes are on my waistline fixed, and fixed thereon in vain; I do not lose a single pound, I starve where wholesome pies abound—is weight reduction sane?

WINCHESTER COUPLE MARRIED MANY YEARS

Mr. and Mrs. Peter Obermeyer Celebrate Sixty-Sixth Wedding Anniversary. Other News Notes from Scott County.

Winchester, March 31.—Mr. and Mrs. Peter Obermeyer quietly celebrated their sixty-sixth wedding anniversary Tuesday. On account of Mr. Obermeyer's health no formal celebration of the day had been planned, but a number of friends and relatives called during the day. Only two of the children were able to be present, Dr. A. E. Obermeyer of Arcadia and Mrs. Emma McKean of Springfield. A granddaughter, Miss Lucinda Obermeyer, of Chicago was also present. Telegrams and flowers were sent by the children who were unable to be present.

Mr. and Mrs. Obermeyer are among the best known and most highly respected residents of Scott county, and they yesterday received the congratulations of a large group of friends. Mr. Obermeyer is now in his eighty-sixth year and Mrs. Obermeyer in her eighty-third year. The latter has been a faithful member of the Baptist church for more than sixty-six years. Mr. and Mrs. Obermeyer were the parents of ten children, eight of whom are living.

Funeral services were conducted Wednesday afternoon from the Baptist church at Glasgow for the late William Jackson, whose sudden death occurred Monday afternoon at Alsey. The services were in charge of Rev. A. J. Johnson of White Hall. The deceased was well and favorably known in Winchester. He was a member of the Baptist church at Glasgow and was also a member of the Mutual Protective League. He is survived by his wife and two children at home, and a daughter, Mrs. Cumbey of Glasgow, together with a number of other relatives.

Mrs. Norah Bell, wife of Thomas Bel, was found insane and taken to the insane hospital for treatment.

Thomas Smithson and family have removed to the property known as the old Parker home, on West Cherry street.

Mrs. Forrest Waters was in Jacksonville Wednesday to visit her sister, Mrs. Harry McCarthy, who underwent an operation at Passavant hospital Tuesday morning. Mrs. McCarthy's many friends hope for her speedy recovery.

Robert Evans held a public sale at his home three miles west of Winchester Monday. Farm implements, cattle, horses and hogs were disposed of. Cattle averaged \$75 a head, while horses sold as high as \$175 per head. Hogs averaged around \$50 per head. Farm implements sold at uniformly good prices. Mrs. Evans and a number of neighbors served lunch.

## INTEREST INCREASES IN NEAR EAST CAMPAIGN

Reports Are Satisfactory From City and County Precincts.

Reports received last night from the Near East Relief organization indicate a growing interest in this campaign in Morgan county. The city workers are rapidly finishing the work in the resident section and should be ready to give a complete report by the last of this week.

At Meredosia the following committee is in charge: L. P. Berger and Mrs. W. T. Burdick.

Merodosia's quota is 60 children and the committee have reported to headquarters that they expect to complete their work on Friday of this week.

At Chapin the work is being headed by F. W. Schults who reports that they hope to provide for their quota of 46 children in one day, likely Thursday of this week.

Franklin with a quota of 65 children, will no doubt reach her goal under the leadership of the following committee in charge of the campaign there: Dr. F. H. Metcalf, Father Smith, M. B. Klinger.

Charles W. Lowe, R. R. Coe, T. H. Crain and Fred Deatherage are the committee in charge of the Relief work at Waverly which is just getting underway with the campaign. The quota at Waverly is 100 children.

A most commendable report came to headquarters yesterday from the Booster's club at the Clover Leaf Life and Casualty company when this organization sent in \$27 from its members.

The list of those who yesterday agreed to take care of children as reported to headquarters follows:

Two Children.	
A. W. Osborne.....	\$10.00

# LEXINGTON

Buy a Really and Truly Good Car and You Will Never Drive Anything But a Lexington Again.

With the Moore multiple exhaust and Lexi-gasifier you get more power and speed than with the ordinary system. Also more miles to the gallon of gas with low grade fuel than is possible with high grade fuel with the ordinary system. Every particle of gas enters the cylinder dry. No thinning of lubrication oil by unburnt particles of gas. Also TWO-WAY LAMPS which makes dimming of lights unnecessary when meeting another car. In fact there are so many good features on the Lexington that you must see and ride in it to fully appreciate it.

## POLICE CAPTURE AUTOMOBILE THIEVES

Three Colored Boys Steal Car of Dr. Dinsmore—Two of the Men Captured.

William Douglas and James McDaniel, both colored, were arrested by Capt. Elliott and Patrolmen Williams and Stewart early this (Thursday) morning charged with stealing the Ford car of Dr. G. F. Dinsmore of 303 West College avenue. William Berry, also colored, was implicated in the theft of the car and the police expected to place him under arrest soon.

The boys, who range between the ages of 16 and 19 years of age took the car from the Dinsmore garage about 11 o'clock. Dr. Dinsmore discovered the theft and reported the matter to the police. Capt. Elliott and Patrolman Stewart in the police car and Patrolmen Williams and Berry, Dinsmore in Denver Buck's taxi started out on the hard road.

They met the party in the Dinsmore car coming back to town. Williams tried to halt them but they nearly ran him down. He got out of the way and turned the taxi and started in chase.

The taxi gained on the thieves and they put on the brakes just after crossing the bridge over the creek and took across the fields with Williams in pursuit.

The men got away at that time but Williams recognized one of them and the police soon located Douglas and McDaniel and they were taken to the station.

The police are congratulating themselves on the capture and believe they have gotten hold of the gang that has been doing a great deal of joy riding in stolen cars recently.

**GAVE A DIFFERENT CHAUTAUQUA PLAN**  
The management of the Bloomington chautauqua is not as successful as that in Jacksonville. This year, according to the Pantagraph, it is uncertain whether or not there will be a chautauqua at Bloomington. There was a small deficit at the end of last season's program and the directors of the association are not very enthusiastic about making plans for this year.

Here in Jacksonville they handled the matter differently, for months ago the local directors had the general arrangements for the 1920 chautauqua well under way.

## WILL SING CANTATA AT CHRISTIAN CHURCH

"The Last Seven Words of Christ" Will Be Given Under Direction of Charles Keep of Illinois Conservatory.

The Cantata, "The Seven Last Words of Christ," by T. L. Dubois to be sung at the Christian church on Friday evening of this week, April 2, by the combined Glee clubs of Illinois College and the choir of the Christian church is the most beautiful of all the settings of Christ's sayings on the Cross. It is written for solo soprano, tenor, and baritone and chorus. The fourth word is considered one of the most inspired solos ever written for baritone voice.

T. H. Dubois is a Frenchman, and an organist of reputation in Paris. He took the grand prize of Rome, the most coveted by all musicians.

The solists will be Ethel Hughes, Robert Shoemaker and Charles Keep under whose direction the work will be sung.

It is hoped that the church will be filled on this occasion. There will be no charge made but a free will offering will be taken to defray expenses.

## SUNDAY SCHOOL PARTY AT WESTMINSTER

Members of the young people's class of Westminster Sunday school of which Dr. E. B. Landis is the teacher, attended the special service at the church last night and afterward gave a church party in honor of Dr. and Mrs. Landis. The arrangements were made by the members of the class without advising Dr. Landis and so the happy event was entirely a surprise. After a social hour refreshments were served. Before the time of adjournment came Miss Mattie Reisch, who is president of the class, speaking for her associates, presented Mrs. Landis with a beautiful Easter lily and Mr. Landis with a memento memorandum book.

Most of the young people are soon to leave for the Easter vacation and planned this party at this time on that account. The class has a membership roll of more than forty and is a very important part of the Sunday school organization.

## PROF. HUBER AND FAMILY ALL RIGHT

Mrs. S. W. Nichols received yesterday a letter from her daughter, Mrs. W. H. P. Huber, residing at Elgin. Mrs. Huber said the part of the city in which she lives was not harmed but the storm was fearful. Darkness prevailed for some time, dust and flying debris filled the air. A large, new store building recently erected by the S. S. Krasge Co. was next to another large establishment and the two were utterly wrecked together. The confusion following the storm was dreadful. The devastated part of the city was guarded and sight-seers were warned away till conditions were partially restored. It was a time long to be remembered.

## MISS GLADYS ANDRE TO WED F. J. BUCK

Announcement Made of the Engagement of Prominent Jacksonville Woman.

Members of the Wednesday Bridge club were entertained by Miss Gladys Andre at her home on West State street yesterday. During the afternoon announcement was made of the approaching marriage of Miss Andre to Mr. Frederick J. Buck of Springfield. The interesting bit of society news was conveyed to the guests when refreshments were served. Each of the young women present found a miniature Easter box at her place filled with rice. Partially covered by the rice were tiny gold wedding rings with white hearts bearing in gold the initials of Miss Andre and Mr. Buck.

The numerous friends of Miss Andre both in this city and elsewhere will be greatly interested in this announcement. Miss Andre is the only daughter of Mr. and Mrs. G. B. Andre and has been very popular in the younger social circles of Jacksonville. After finishing the Jacksonville high school Miss Andre was a student at the well known Ward-Belmont college at Nashville, Tenn., and was prominent in the social activities of the college.

Mr. Buck is a son of Mr. and Mrs. Fred Buck, well known in Springfield. Mr. Buck graduated from the Springfield high school and then attended Culver Military academy. In the war he was in the medical corps of the 33rd division and spent more than a year in active service overseas. He is now associated with his father in business.

The time of the wedding has not been made known but it is understood that it will be an event but a few months in the future. It will interest the people of both Jacksonville and Springfield uniting as it will two prominent families.

## C & A OFFICIALS PLAN FOR NEW TIME CARD

An early meeting of operating and traffic officials of the Chicago & Alton railroad will be held to work out the spring time card. There has been a good deal of dissatisfaction with the present time card and a number of cities have filed complaints with the officials. Many Jacksonville people are anxious to have the afternoon train to St. Louis restored as it means a much better service not only to that city but to and from Jacksonville for people living in Woodson, Murrayville, Manchester and Roodhouse.

There has been a well defined rumor that the Hummer to Kansas City is to be routed through this city instead of by way of Springfield. This would be a welcome addition to local service as it would mean a good night train out of Chicago, arriving here on about a five and a half hour schedule.

## Good Blood Means Good Health

A clear, healthy skin, full of life and color, reflecting perfect health and energy has long been known to be a business and social asset.

If you are not the fortunate possessor of all the above—if you are suffering from skin eruptions of any description, it means that the blood is weak.

Pure blood, rich red in color and circulating freely, is the essential factor in the possession of perfect health.

When it becomes impoverished—thin and watery—it cannot supply proper nourishment and the body tissues become diseased.

This condition is ever ready to manifest itself and should be checked and treatment started with the first appearance of blood disorder.

In our estimation Nyal's Hot Springs Blood Remedy is the one best treatment. It gets at the root of the trouble, cleanses the blood of impurities, increases the circulation, produces blood that is rich in nourishment—blood that will build up broken-down tissues.

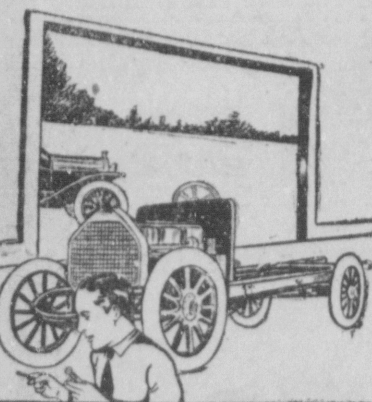

It will not be long before you notice a decided improvement—you will feel the blood coursing through your veins, your appetite increased, the food will be absorbed in the proper manner and the skin will become clear and healthy.

You will never regret having used Nyal's Hot Springs Blood Remedy—it will put you on your feet.

Mrs. Elizabeth Schofield, widow of the late Thomas Schofield died at 4:30 o'clock Wednesday morning, aged 83 years, 7 months and 6 days.

October 7, 1857, she was united in marriage to Thomas Schofield. To this union was born ten children. Her husband and three children having preceded her in death, there remain to mourn her loss, Eliza Schofield, Gardena, Cal., Elsworth, Jacksonville, Wm. H. Gardena, Cal., Mrs. C. H. Gibbs, Lynnville, Mrs. George Brown, Owengo, Cal., Mrs. B. F. Rawlings, Franklin and Fred J. Lynnville; 22 grand-children, 8 great grand-children and a host of friends.

The death of Mrs. Schofield not only marks the passing of one of Morgan county's oldest settlers, but one of those noble characters whose life has been spent in the service of others.

She was a woman of ability in the sick room and as long as her strength permitted was continuously called by her neighbors for miles around in the capacity of nurse. Her time and labor was given freely and ungrudgingly and many are her friends who hold her in the highest esteem.

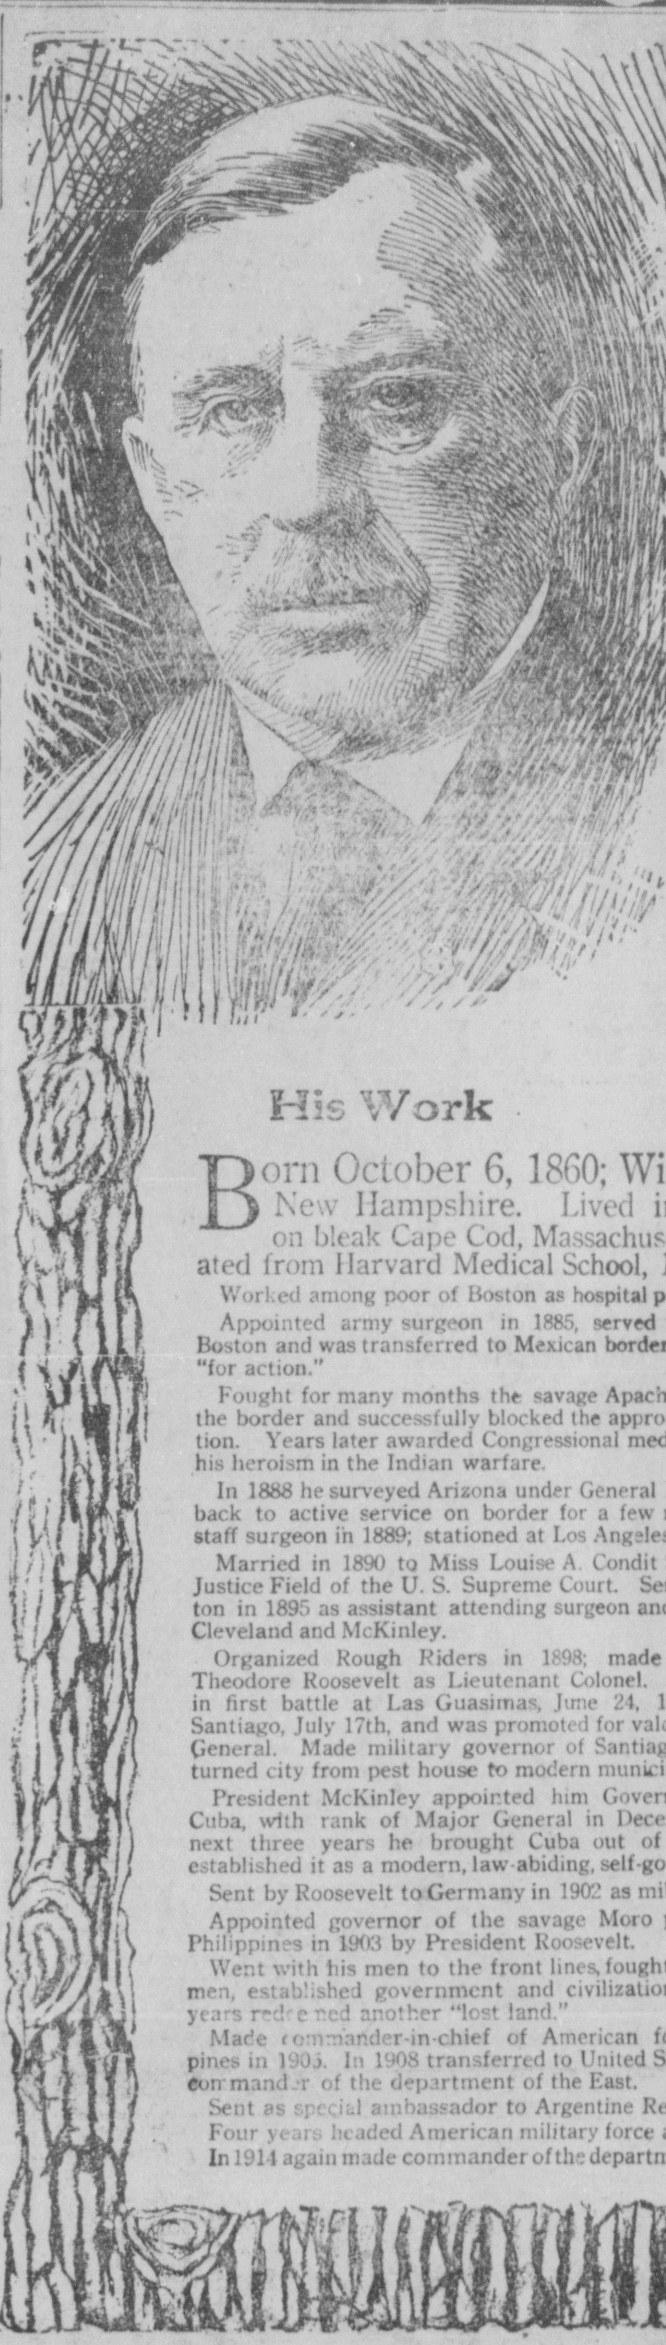

Mrs. Schofield has long been a faithful member of the Methodist Episcopal church of Lynnville and her life has been an example of Christianity in its truest form, in that it was spent for others.

She never recovered from the shock of her husband's death which occurred May 1, 1909, but since that time has constantly called for him. Her sickness and suffering she bore with christian courage to the end.

Funeral services will be held Friday afternoon at 3:30 o'clock from Brooklyn church with interment in Diamond Grove cemetery.

"During these last 13 years he has rendered to America service of the very highest value and of a kind that could be rendered only by a man of wholly exceptional power and ability, ardent in his life-long devotion to the honor of the flag and the welfare of the nation."  
—THEODORE ROOSEVELT, March, 1917.

YOU as a good American  
and as a voter at the Preference Primary Tuesday, April 13, have a right to know the life record and career of the man for whom you cast your vote. You have the right to read the story for yourself, stripped of embellishment, and draw your own conclusions.

Here is the story of Leonard Wood—the things he has done—which make him the one outstanding candidate for President of the United States.

## His Work

Worked among poor of Boston as hospital physician. Appointed army surgeon in 1885, served a few days in Boston and was transferred to Mexican border on his request "for action."

Fought for many months the savage Apache, who harried the border and successfully blocked the approach of civilization. Years later awarded Congressional medal of honor for his heroism in the Indian warfare.

In 1888 he surveyed Arizona under General Miles. Ordered back to active service on border for a few months. Made staff surgeon in 1889; stationed at Los Angeles.

Married in 1890 to Miss Louise A. Condit Smith, niece of Justice Field of the U. S. Supreme Court. Sent to Washington in 1895 as assistant attending surgeon and served under Cleveland and McKinley.

Organized Rough Riders in 1898; made Colonel with Theodore Roosevelt as Lieutenant Colonel. Led his troops in first battle at Las Guasimas, June 24, 1898. Captured Santiago, July 17th, and was promoted for valor to Brigadier General. Made military governor of Santiago, July 20, and turned city from pest house to modern municipality.

President McKinley appointed him Governor General of Cuba, with rank of Major General in December, 1899. In next three years he brought Cuba out of darkness and established it as a modern, law-abiding, self-governing nation.

Sent by Roosevelt to Germany in 1902 as military observer. Appointed governor of the savage Moro province in the Philippines in 1903 by President Roosevelt.

Went with his men to the front lines, fought fanatic tribesmen, established government and civilization, and in three years reduced another "lost land."

### EGG OFFERING AT LITERBERRY CHURCH

Women of Baptist Church to Donate for Hagedson Orphanage—Other News Items from Literberry and Vicinity.

Literberry, March 31.—The Ladies of the Baptist Aid are all interested in the egg offering to be given on Thursday the first day of April; every member that we have heard from, will donate her share of eggs for the Hagedson Orphanage, for Easter offering. All donations will be left at the store of J. A. Aiter and Co. J. Daniels drove his new car to Jacksonville Monday, taking with him Mrs. Daniels and Harold Lee.

Rev. W. R. Johnson preached at the Baptist church Sunday morning and evening. The subject for the morning sermon was "Palms," he took for reference, the 21st chapter of Matthew, first 11 verses. Mr. Johnson said in part, at the splendid morning sermon: "When you are prosperous and all is sunshine, people will gather around you, and there is no lack of company; but when adversity and sorrow come, friends forsake you and no one but the Heavenly Father remains with you."

Last Saturday W. W. Young accompanied Aunt Lizzie Coons to her home in St. Louis and was the guest over Sunday of Mr. and Mrs. Schackford.

S. W. Nichols of 717 West College street, Jacksonville, came out to Literberry Saturday morning and spent the day at Sunshine Cottage. Mr. and Mrs. Nichols are old friends and this was a very pleasant visit.

The high wind Saturday night and Sunday morning damaged the roof of the Literberry College to such an extent that Mr. Richardson was called on Sunday afternoon and make good the roof, so there would be no delay in school on Monday.

George Roach is tearing down the old barn on his property and will make of it a new garage.

Mrs. W. W. Young and daughter Allen went to Jacksonville Monday on the 11 o'clock train.

There will be a short Easter service April 4th at the Baptist church just after Sunday school.

Mrs. Johnson, wife of the pastor, sang a very nice song, Palms, corresponding to the sermon.

### RAILROAD PRESIDENT APPEALS TO EMPLOYEES

President Beird of C. & A. Urges Officers and Employees to Co-operate in Returning Road to Former Popularity With Patrons.

White Hall, March 29.—The time was when the Chicago & Alton railroad was the pride of every community through which it traversed, and the appellations of "The Only Way," "America's Most Popular Railroad," "The Three Links" and other slogans were accepted as fact and truth. Since his ascendancy to the presidency, W. G. Beird has shown strong democratic tendencies, giving the road a big lift to a return to its old-time popularity, but not until the present time has his sincerity become so pronounced. His latest edict is addressed to the officers and employees of the company, a copy of which has been received by each employee at White Hall, and it reveals the attitude of this rail chief toward the general public in the strongest possible way. Among other things, Mr. Beird says:

"At the end of the year 1917 the Chicago & Alton Railroad had attained the greatest efficiency as a transportation company in its history. The roadway, tracks and terminals had been expanded and improved to readily handle in a very satisfactory manner to the public the largest volume of business that it had ever handled. The rolling stock and equipment had been improved and brought up to their highest standing, thus making it possible to readily handle the greatly increased business that the company's patrons had entrusted to us. So that each officer and employee might well be proud of the part he has taken in these accomplishments, and in the organization of which he was a part."

"However, during the past two years, because of the conditions produced by the war and its effect upon this and other railroad systems, all of which are well known to you, and notwithstanding the earnest efforts of all concerned, the operation, therefore, the efficiency, of the road has been seriously depleted and decreased. We, therefore, have an untold task to perform to re-establish the former efficiency and good record of this road. I ask, and I believe I can perfectly rely upon all, to give such additional faithful and loyal service as is necessary to re-establish the former splendid standing of the road with its patrons and the communities it serves. It requires a perfect cooperation by all, a mutual and agreeable esprit de corps, with a hearty determination on the part of each, regardless of the position we occupy, to do our individual part and do it well, and if these things are accomplished the results are certain. Will each of you join with one another in re-establishing the roads former

### FRANKLIN WILL VOTE ON COMMUNITY HIGH

Petition Was Filed With Superintendent Vasconcellos Yesterday—Fifty Men Sign Asking for Vote on Proposition.

A petition was filed Wednesday with H. H. Vasconcellos, county superintendent of schools, seeking the establishment of a community high school in territory which includes Franklin and an area of land in that vicinity totaling 70 sections. The petition complies with the provisions of the Illinois school law which was adopted by the last legislature. The purpose of those who propose the establishment of the community high school is to secure better school facilities thru the larger fund that will become available if the school is established.

The petition was filed by C. L. Hawker and includes the names of 50 or more citizens resident in the district it is now proposed to form. The territory described in the petition extends to the Murphysville district on the west, the Scottville district on the south, the Waverly district on the east and north to Pisgah, including the town and party of that precinct.

Under the law the county superintendent will now call an election whereat the people will decide whether or not the new proposed community high school district shall be established. If the vote is favorable than a board of education will be chosen at a subsequent election.

It was stated yesterday by those interested in the petition that if favorable action is taken that there is no intention of erecting a new building. The natural thing will be to make arrangements with the Franklin high school district for the use of a part of the building there and additions can be made to this building as the increase in equipment and attendance makes desirable.

There is said to be a great deal of favorable sentiment in the proposed district for its formation because of knowledge that with such a district organization better school facilities can be afforded and without burdensome cost to the property owners. The petition as filed with the county superintendent has the following signatures: George E. Brown, Ross H. Seymour, H. M. Tulpin, Charles R. Gibson, John Ebrey, George Calhoun, J. W. Tribble, G. W. Dugger, G. J. Dowell, J. B. Wright, W. R. Anderson, Martin Anderson, W. S. Seymour, Curtis Scott, Otis Leak, Thomas B. Smith, Oscar Harmon, Richard Whalen, J. G. Sooy, Earl Seymour, B. E. Asplund, George N. Woods, T. L. Stewart, William H. Kirby, Oral Rees, Charles E. Criswell, Jay R. Seymour, William Reese, Henry Slack, James

### HATFIELD WINS CROSS COUNTRY RUN

Defeats Shoemaker By One Yard in Two Mile Jaunt—Smith Was Third and Green Did Not Finish.

Hatfield, a Freshman, won the two mile cross country run Wednesday afternoon, defeating Shoemaker by one yard at the finish. The time was slow 11:52, as the men loafed except at the finish.

The four starters, Hatfield, Shoemaker, Smith and Green, lined up under the east goal post on Illinois field. The course was north to College avenue, west to Grand avenue, North to State street, east to Webster avenue, south to College avenue and two laps around the track.

Shoemaker was in the lead at the end of the first mile. The start and finish was witnessed by a large number of the student body. It looks as the Illinois will be strong in the distance runs this year as Hatfield is a likely looking man and should develop with training. Shoemaker is always good and will make a lot of them step to beat him in the Little Nineteen contests.

### DR. EAST EXAMINES CRIPPLED CHILDREN

Examined Seventeen Cases at Public Library—Braces Will Be Made and Fitted for Them.

The Child Welfare Committee of the Red Cross held a clinic yesterday in the Red Cross Room in the Public Library. Miss Clara Austin is the child welfare nurse in Jacksonville.

Dr. C. W. East of Springfield, chief of the Child Hygiene and Public Health nursing division of the State Board of Health, with a staff of assistants examined seventeen cases of crippled children from Morgan county. The brace maker, George Wegner, made a number of plaster casts of the injured limbs and will make the braces from these, he will return later and fit them to the children. Dr. East examined the cases and recommended treatment or braces as the case required.

The braces will be paid for by the parents of the children but in especially urgent cases the Red Cross is advancing the money in order that the children may have relief at once.

This clinic was one of many that are being held by Dr. East in various towns in the state. In Springfield one is held every Thursday.

This is the second clinic held in Jacksonville and more will be held if the need should arise.

### CURTAIN GOES UP TONIGHT

"Be seated, gentlemen." With the command of Interlocutor Paul P. Thompson, the opening scene of minstrelsy will ring up the curtain to a crowded house at the Elks Jollies of 1920. For ten long days and evenings more than 50 people have been diligently rehearsing the songs and dances under a professional teacher.

This show is almost an annual affair with the Elks lodge, however, it has special significance this year because the proceeds are to be used in building the new home. The show has been a tremendous undertaking but the building of the new home will be infinitely larger. However, the Elks organization seems to enjoy the "strenuous life." Indications point to big crowds at both performances tonight and tomorrow night.
